April 2019

☺ Change is inevitable, except from a vending machine.. ☺

Our Resident Manager, **Mike Souza** will be retiring this coming June after many years of working at the Plaza and doing an excellent job. He will be missed.

Notices

The pedestrian crosswalk that was removed from the bus stop near our condo last May has been re-installed by the City. "Please watch for pedestrians when you are driving and use caution when you are crossing the street.

Reminders

Dryer vent cleaning. Don't forget to remove the lint from your dryer vent. This not only helps save on your electric bill when using your dryer, but also keeps the condo vents clear. So less money spent there also.

All vehicles parked in stalls must be in operable condition, and have current plates, registration, and inspection stickers.

Also, to prevent any break-ins, don't leave any packages or other items in your car where they can be seen.

All moving and remodeling work is to be done between 8AM and 4PM, Monday through Friday.

Attention

This year's annual Merrie Monarch Hula Festival in Hilo on the Big Island will be April 21-27

Electrical Maintenance

The electrical breaker box in each apartment are the individual owner's responsibility to maintain. Some owners recently had problems with their breakers. It may be time to have preventative maintenance performed by an electrician

Over time, electrical connections can loosen. Loose connections are a common cause of electrical fires. If you haven't done so recently, please have an electrician inspect your panel.
